

## **Studentische Hilfskräfte / Technical Students**

### **Be part of something special; come join the Secusmart Business Operations Team!**

Secusmart, a subsidiary of BlackBerry Limited, is the leading expert in the development and implementation of comprehensive anti-eavesdropping solutions for German government agencies and emergency service organizations as well as governments and public authorities across the world. With teams in Germany and North America, we secure enterprise information and applications on today's most popular mobile devices and platforms, protecting both business and personal data.

### **In return for your talent and enthusiasm we will provide you with following advantages:**

- You decide on which days of the week you regularly work and how much, up to a maximum of 20 hours - lower availability during the exam phases may be considered
- To be part of a young, dynamic, international and constantly growing company
- Very good transport links to the office, both public transport and highways
- Active continued support and involvement from your colleagues

### **Are you who we're looking for?**

In the Business Operations Team in Düsseldorf we offer multiple opportunities for students in different roles and responsibilities, ranging from performing recurring tasks to executing small projects under supervision of experienced team members, all with focus on technology. We are looking for a student with a passion for mobile products and technology who will take over recurring tasks in production, logistics and mobile device administration as part of the Production Team.

### **You will:**

- Prepare goods for delivery, including flashing of devices, packaging, providing delivery notes and handover to external courier services
- Handle product returns for replacement or repair
- Prepare and take care of and administration of mobile devices for internal purposes, as well as for trade fairs and other external events
- Various auxiliary tasks to support the production team

### **We are looking for talented individuals with the following skills and experience:**

- Systematic, organized and responsible working style
- Conscientious in handling goods and assets
- Passion for mobile products and technology beyond average user level
- MS Office, i.e. Word and Excel
- Good written and spoken English and German
